

Bernita Snache

What am I grateful for in 2021?

I am grateful for my family. We have always been so grateful, and thoughtful toward one another. When someone was alone, we would make time to give them a call, text or get them whatever they needed. We would always watch out for one another. I am also grateful for my friends, it's so important to me to always be there for my friends when they are unwell, sad, or just need someone to say "are you ok" to show them how much I care, even though they may not want anyone to talk to. There have always been times when I needed a friend, a hug, an elbow bump, smudge, a pat on the back, or just needed help with something to show they cared. I am so grateful for my co-workers, they are always willing to help with whatever it may be, whether it's work related, computer related, or just that candy, donut or cookie treat to show they care. I am always grateful where I work, and what I do to help our school and students. I am grateful for the person I am. I am grateful for what I have, where I live, my home, and our wonderful community we all live in. I am grateful for Rama First Nation. This is what I've been grateful for in 2021.
