## Paying It Forward

Aside from “paying it forward” with the occasional buying for the person behind me in the Timmies line all year round, my 4-year old and I do our best to make a large donation to the Orillia SPCA during the holidays – The first three donations were done with the help of others, through my son’s birthday parties, asking for donations in lieu of presents. Now that my little one is a bit older and enjoys the excitement of “presents” we did not ask for those donations this year, and will be making our own donation. We will include items such as, paper towels, puppy pads, Kleenex, Lysol, kitty litter, food, and of course animal treats!
