

Milkweed Pod Stars

- In the fall collect Milkweed pods after they have opened. Allow to dry out. Keep seeds for replanting in the Spring
- Make circular cardboard disks about 10-12 cm in diameter
- Hot glue pods with the wide end on the cardboard around the circle disk. Repeat on the other side. Should get 5 or 6 on each side.

- Fill the middle with cloves or red peppercorns
- Glue some twine for hanging or punch a hole in the circular disk.
- Hang on tree or use for decoration on the mantle or table
