

Julie Deleary What I am thankful for over this holiday season....

I am thankful to have the time to spend with my family. Our 5 children are growing up so fast. Just having the time to enjoy the holidays and create special memories makes me feel filled with joy. Its a wonderful time to just spend the day baking, crafting, sledding, building a snowman or just spending the day in pajamas and watching movies. I'm so Thankful for the time off we have together.
